A vertical rectangular frame containing four mathematical symbols, each enclosed in a black bounding box. A vertical red line is positioned on the left side of the frame. The symbols are:  $\lg$ ,  $\frac{1}{2}\pi$ ,  $p^{3^A}$ , and  $p_{3_2}$ . The bounding boxes for  $\lg$  and  $p_{3_2}$  are wider than those for  $\frac{1}{2}\pi$  and  $p^{3^A}$ . The red line is positioned to the left of the leftmost bounding box.
